

### Tahoe PAWS:

This is the beginning of Tahoe PAWS. Since we just became a nonprofit this year, we are just now starting fundraising & applying for grants.

All equipment, supplies, travel expenses, trainings, printing, copying, meetings and other expenses have mostly been paid for by our Founder, Wendy Jones. We have had 76 crates donated from North Valley Animal Disaster Group. We have had approximately \$1400.00 in money donated. Any more money we will need to purchase the trailer/equipment/supplies, will be raised with fundraising, donations, sponsors and our Founder, Wendy will cover the rest of the expenses.
